Team ID	PNT2022TMID17022
Project Name	Project - Personal Expense Tracker

Sprint 3

Steps:

1. Create Log Today Module(add expense and add income)

The screenshot shows a web browser window with the URL <http://127.0.0.1:5000/log.today>. The application has a dark navigation bar with links: Dashboard, Log's Today, Reports, and Log Out. The main heading is "Today's Log". Below it, there are two sections: "Expenses" and "Income", both with the text "No Data yet". Under the "Expenses" section, there are two buttons: "Add Expense" and "Add Income". Below these buttons, there is a form with a label "Enter the Expense Amount:" followed by a text input field containing the value "234". Below the input field, there is a label "Is it a need or a want?" followed by a dropdown menu currently showing "Need". Below the dropdown, there is a text input field containing the value "Household". At the bottom of the form, there is a "Submit" button. The browser's taskbar at the bottom shows the system clock as 11:22 on 08-11-2022.

2. Create Reports Module
